Dear Mr Bell

Secretary Lynn 585 Redacted

CROWN OFFICE EXPERT WITNESS LIST

I refer to your letter of 12 February 2004.

I note that the four experts are now available to prepare reports for use in court proceedings.

As you might anticipate, the one immediate concern I have is that the civil action is still unresolved. For example, we still await the report from the expert instructed by the Justice Department into whether or not there was any evidence of negligence.

I think a meeting to discuss these issues would be helpful. Perhaps you could telephone my PA to arrange a mutually convenient time for us to meet.

Yours sincerely

W A Gilchrist
Deputy Crown Agent
